

JAMAICA WILL RISE- STANDING TOGETHER

We hope you and your loved ones are safe. Our hearts go out to everyone affected by Hurricane Melissa: our staff, customers, suppliers, families, friends and Jamaica at large.

Over the past week, we witnessed the devastating impact of Hurricane Melissa, particularly across Western Jamaica.

Our Teams are working to determine the most meaningful ways to provide support even as we continue our tradition of helping those in the greatest need.

As we work towards providing the necessary support as best we can, our Head Office in Kingston has reopened. Our branch in Montego Bay, however, is closed temporarily while we focus on cleaning up, ensuring the safety of our team in the surrounding areas, and assisting our community to recover.

Please know that Diamond Paint stands with you as you regain your footing and **we are committed to working together to recover and rebuild stronger.**

Sincerely,

The Management & Staff
